

Excellence in the Constructed Project: Proceedings of Construction Congress I Sponsored by the Construction Division of the American Society of Civil Engineers, San Francisco, California, March 5-8, 1989

By Ronald Bard

American Society of Civil Engineers. Hardback. Book Condition: new. BRAND NEW, Excellence in the Constructed Project: Proceedings of Construction Congress I Sponsored by the Construction Division of the American Society of Civil Engineers, San Francisco, California, March 5-8, 1989, Ronald Bard, This proceedings of the specialty conference Construction Congress I addresses diverse technical subject areas in the context of the integrated construction project. The Congress enabled the participants to focus on the total project objectives, while examining individual topics in detail. Some of the topics covered by this proceedings are: owner involvement, automation and construction process. contracting and disputes resolution, management procedures, control techniques, and the role of resident engineers. In addition, a mock trial portraying typical problems of construction and the courtroom process is presented to acquaint the engineer with this aspect of the construction process.
