

Fluid, Electrolyte, and Acid-Base Imbalances with Access Code: Content Review Plus Practice Questions

By Allison Hale, Mary Jo Hovey

F.A. Davis Company, United States, 2013. Paperback. Book Condition: New. New.. 278 x 214 mm. Language: English . Brand New Book. Content review Case studies NCLEX-style QA Here s all of the crucial coverage you need to succeed in class and confidently prepare for your classroom exams and the NCLEX. Easy-to-follow outlines focus on the information essential to make this challenging subject more manageable. Each chapter offers a concise, yet comprehensive review of the topic, followed by NCLEX-style questions in both multiple-choice and alternate-item formats. Rationales for both correct and incorrect answers, as well as test-taking tips, explain how to apply critical thinking to the question types--great preparation for classroom exams and the most recent NCLEX-RN(R) Exam. Bring your text to life with DavisPlus online content! A Plus code in the front of each new book unlocks DavisPlus student content. Two, 50-question exams, unique to DavisPlus, give you even more practice. (Access can also be purchased at DavisPlus.com.) The layout is the most helpful part for me. It is planned out just like how I take notes, simple and effective. I like the bullet points and the questions with answers/rationales. Also, I like how things that are high-risk are highlighted...
